**Issue to be sent to the Business Practices Subcommittee regarding this request:**

During the processing of R98062, IR raised the issue of whether a shipper’s request for a specific Park/Loan deal requires EDI implementation. There was discussion that this process may be inappropriate for implementation in EDI because there are few data elements associated with this process and it is used infrequently. IR asks that BPS consider this information and instruct IR as to the appropriate course of action in processing this request.

**MOTION:** Send this issue to the Business Practices Subcommittee.
