The REQ and RGQ Executive Committees will meet in Florida on May 5 to review the model business practices and the comments that are directed toward their quadrants. The recommendations can also be accessed from the NAESB web site (<http://www.naesb.org/request.asp>). All comments received by the NAESB office by end of business on May 3 will be posted on the NAESB web site and forwarded to the RGQ and REQ EC members for their consideration. If you have difficulty retrieving this document, please call the NAESB office at (713) 356-0060.

c. Business Purpose:

**RECOMMENDATION TO NAESB EXECUTIVE COMMITTEE
RETAIL ELECTRIC QUADRANT**

**Requester: REQ Supplier-Utility Interface Subcommittee
Request No.: 2002-2003 Annual Plan Item 2**

The business purpose for the proposed Model Business Practices is to facilitate the establishment of working relationships between Distribution Companies and Suppliers to enable them to serve retail access Customers. The practices do so by presenting a consistent process for establishing credit between the parties in the context of serving retail access Customers.

d. Commentary/Rationale of Subcommittee(s)/Task Force(s):

The proposed Model Business Practices were developed in a consensus-oriented process with active participation from all four REQ Segments: Distributors, Suppliers, Services, and End-Users. That a degree of consensus was reached is evidenced by the passage of a motion during the March 18, 2004 conference call to recommend all four Model Process Flow Diagrams under consideration to the Executive Committee. However, only the Distributor and Supplier Segments of REQ were represented at the March 18, 2004 conference call.
