

NORTH AMERICAN ENERGY STANDARDS BOARD

Webinar Regarding Upcoming Revisions to the eTariff Program July 23, 2024

At the request of the Federal Energy Regulatory Commission (“FERC or Commission”), NAESB is hosting a webinar on July 23, 2024 from 9:00 am to 10 am Central to review the enhancements being made to the eTariff system. Information concerning these enhancements and their implementation can be found through the Commission Notice issued on June 11, 2024 in Docket No. RM01-5-000 and the following hyperlink: https://elibrary.ferc.gov/eLibrary/docinfo?accession_number=20240611-3082. Participation in the webinar is open to both NAESB members and non-members and will be led by members of FERC staff. Information regarding how to register can be found below.

FORMAT?

The session will be a one-hour webinar utilizing the Zoom platform.

WHEN?

July 23, 2024 from 9:00 AM – 10:00 AM Central

WHO?

This webinar is open to all interested parties, and the meeting participation fee has been waived for all non-members. All industry entities and employees that interact with the eTariff program are encouraged to participate.

HOW TO REGISTER?

Registration for participation can be found through the following hyperlink: https://us06web.zoom.us/webinar/register/WN_GE-2FdBxTVyWkarrLTRxuA. Please provide all information requested when registering. Should you need assistance in the registration process or would like additional information concerning the webinar, please contact the NAESB office at (713) 356-0060 or naesb@naesb.org.
